ABOUT US

We are a company dedicated to providing logistics services, which allows us to provide solutions designed for the needs and expectations of customers, with a focus on customer service, quality and competitive costs.

To be the best alternative as your strategically.

15

years of
experience

VALUE OFFER

OPTIMIZATION

We venture into the digitalization of processes to be more timely, reliable and efficient.

We are in the culture of innovation through our first technological platform, for speed in the provision of services.

We have an interdisciplinary human team to build timely logistical developments in accordance with market trends.

INTEGRAL SERVICE

Our responsibility is to maintain the level of service associated with competitive costs.

We manage economies of scale through synergies between the different processes of the supply chain.

Extensive regulatory knowledge provided by years of experience in the logistics sector.

COMPETITIVE COSTS

We design efficient logistics models, validated and negotiated in accordance with the open book.

We work with efficiency and operational flexibility that allows us to adjust budgets.

OUR SERVICES

loading and unloading of merchandise

Guaranteeing effective control requires a team of expert collaborators who guarantee that it is carried out in an optimal way, on time, with safety and quality, while preserving the integrity of the merchandise. Its effectiveness directly impacts the quality of deliveries or receipts of merchandise.

OUR SERVICES

repackaging & breakdown recovery

Effective Logistics LLC “LOGISEF”, as a company specializing in a maquila processes, we are responsible for receiving raw materials or semi-finished products from our clients for their transformation, labeling, assembly, and/or packaging. This allows our logistics partners to reduce costs, improve quality, and optimize delivery times. The specialized maquila services offered by our company are:

Packaging of promotional products.

Packaging of offers with high craft content.

Recovery of breakdowns, returns and industrial surpluses.

Bar code manufacturing.

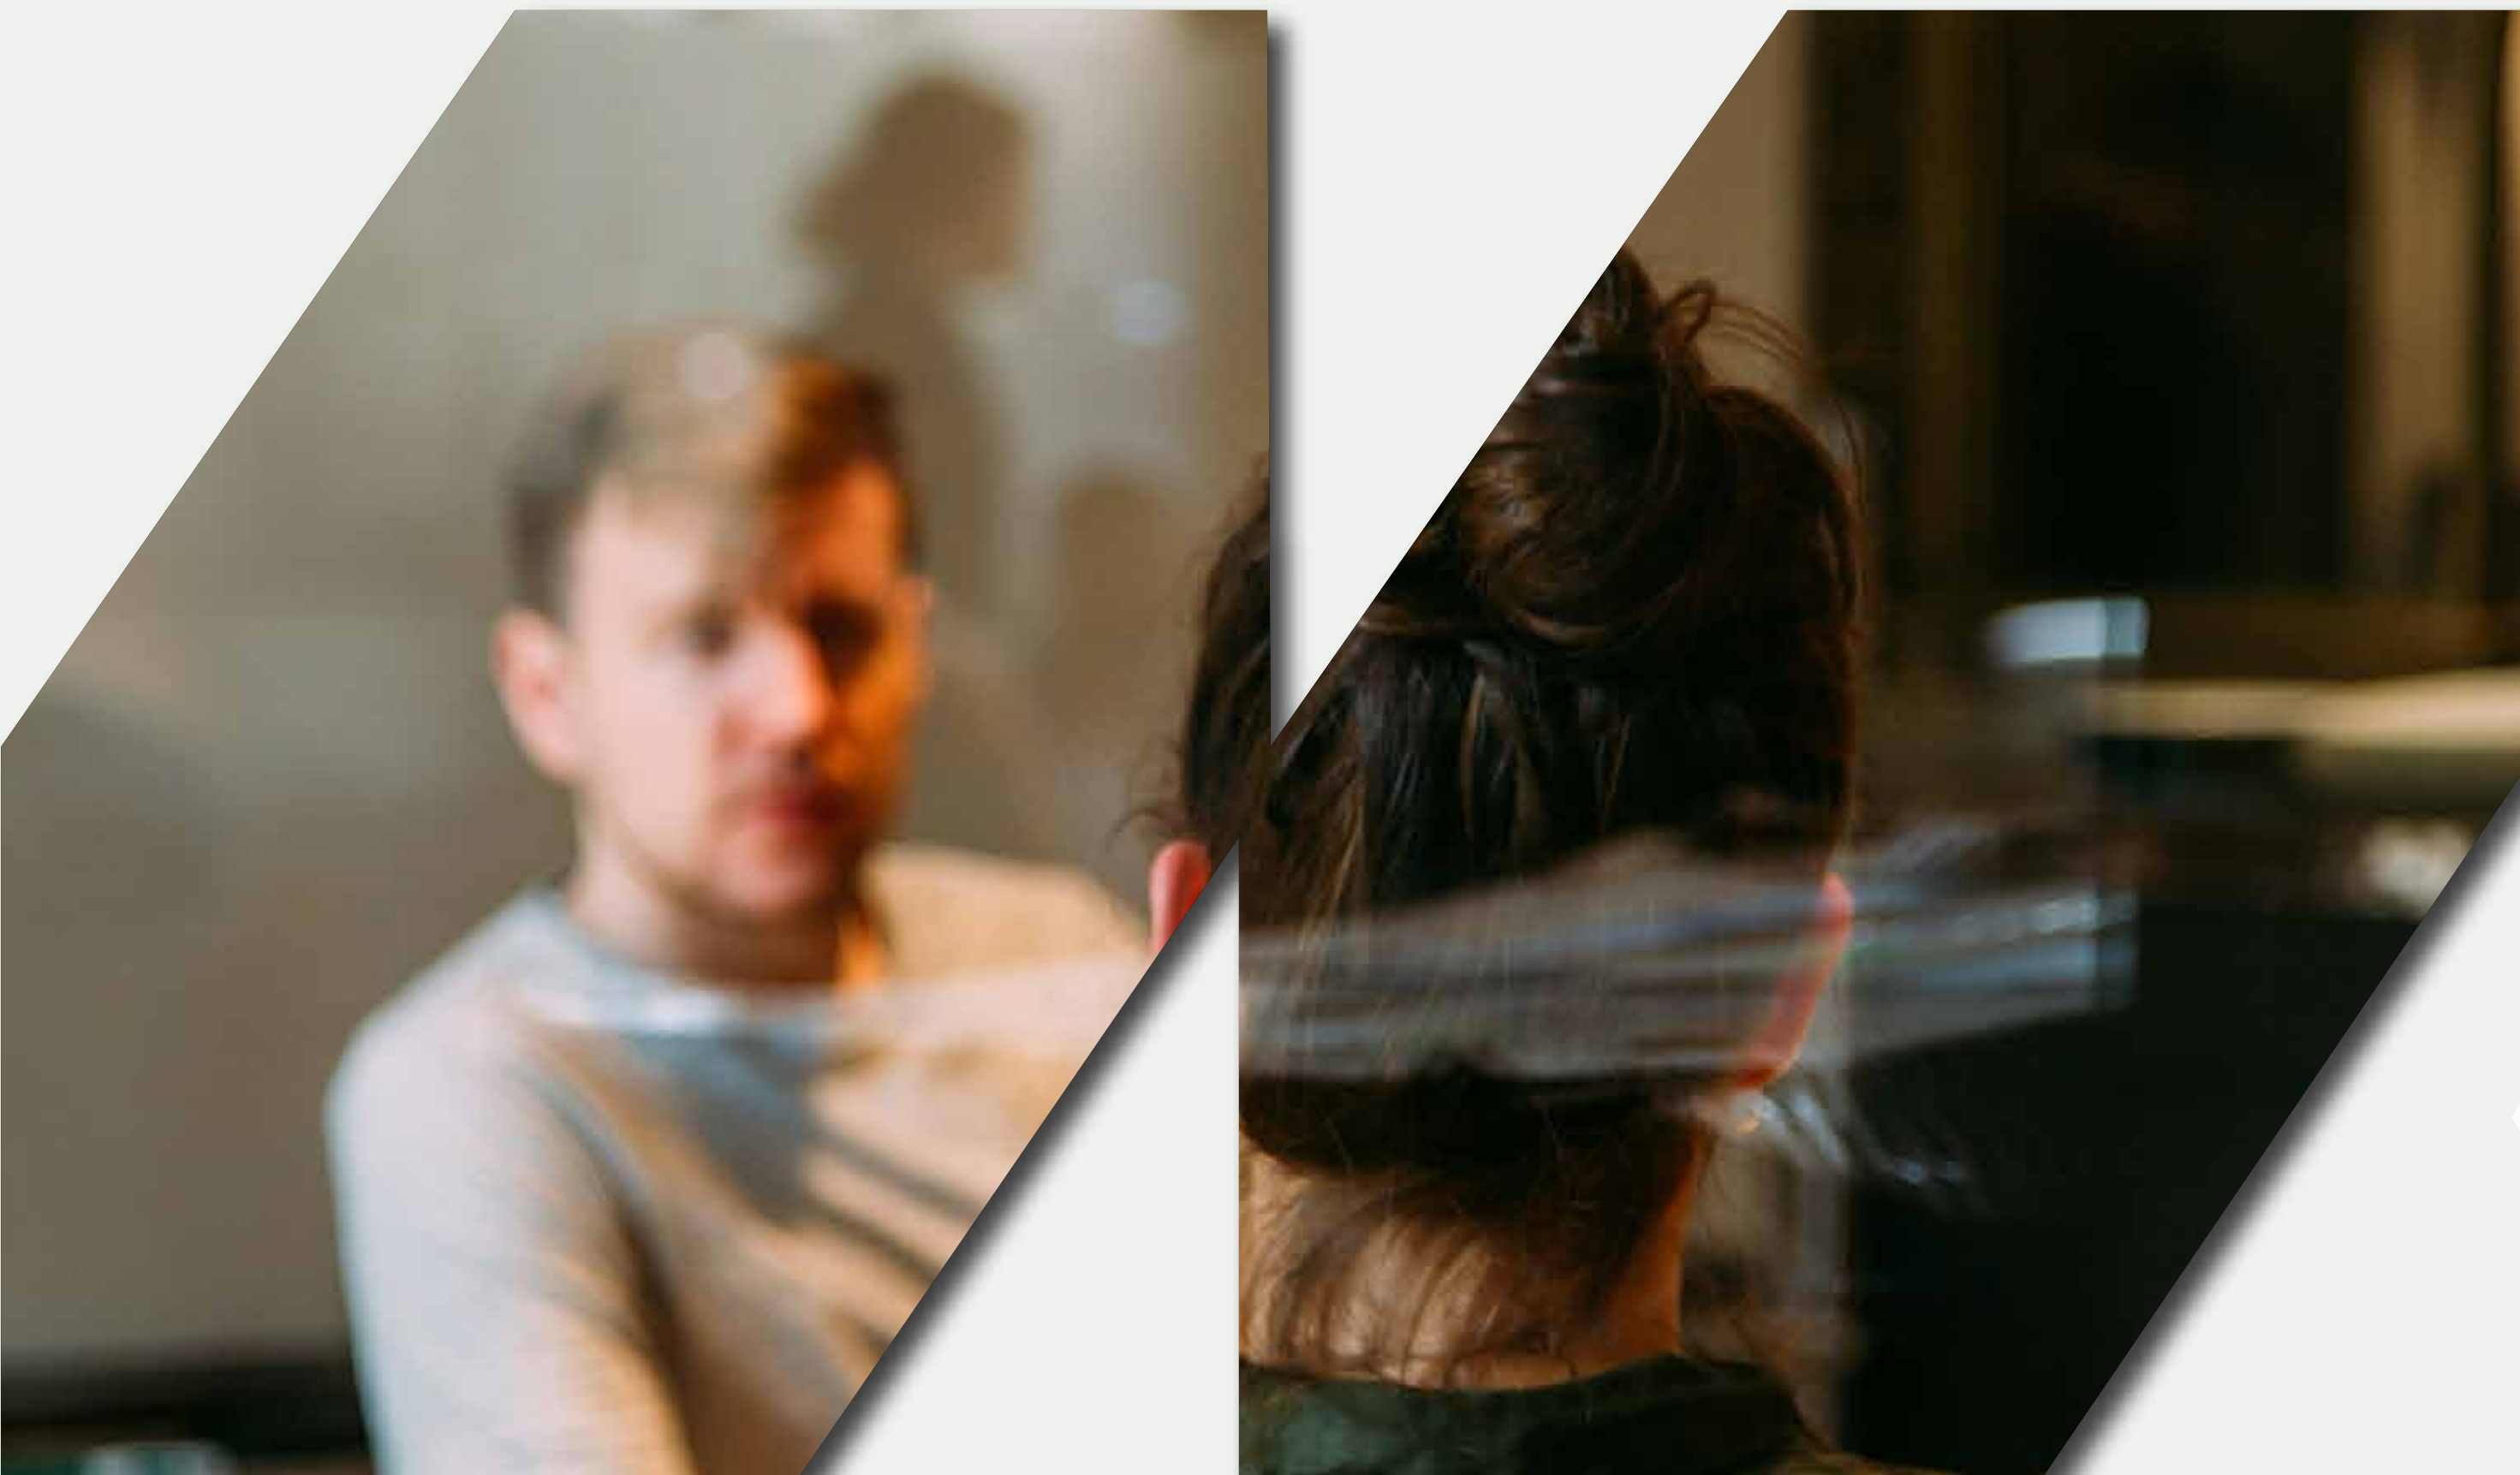

OUR SERVICES

repackaging & breakdown recovery

**Our track record in
distribution and storage
management consolidates us
as an optimal option when
our clients require technical
support in their process.**

OUR SERVICES

Effective Logistics LLC "LOGISEF" seeks for our clients to acquire a competitive advantage for the following reasons:

Increase the useful life of pallets in operations by being reintroduced to the process again.

Reduce the negative impact on the environment due to the indiscriminate felling of trees.

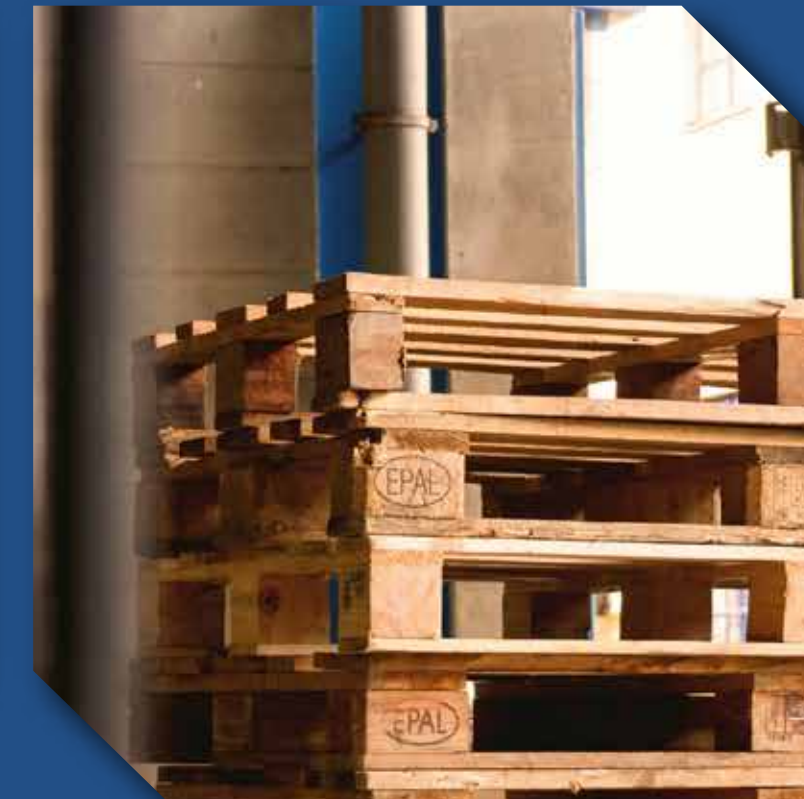

Reduce the logistics cost for replacement.

Eliminate idle operating times due to lack of pallets.

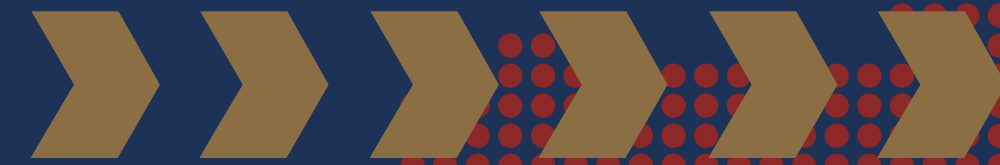

Minimize accidents due to defective boards and nails coming out of the pallets.

Effective savings between 65% and 90% of the cost of a new pallet.

repair of wooden pallets
